Company Description:

Social Finance Israel (SFI) is a part of a global network including SFUK and SFUS which was established in order to solve social problems through innovative financing tools. As part of the global impact investment market SFI's main product is Social Impact Bonds (pay for success). SFI is the only organization in Israel that develops, operates and manages Sibs.

Job Description and Tasks:

We are looking for an undergraduate/MBA student for our R&D team, who is willing to work and grow with the company. This is an interesting placement with opportunity for growth, to gain practical as well as theoretical knowledge:

- Performing social intervention programs reviews that will help the R&D team to develop the best and most effective SIB possible
- Helping the team decide between different options/topics for sibs
- Identify worldwide innovative social programs and the feasibility to implement these programs in the Israeli context
- Depending on the candidate's skills, the internship may include financial modeling, literature review and other assignments

Essential Requirements:

Fluent level of written and spoken English, Hebrew is an advantage

- Studying for a related Bachelor degree/MBA
- Fast learner
- Quick understanding of processes
- Able to understand complex information
- Ability to carry out analysis to a detailed level
- Good communication skills
- Good computer skills
- Organized, persistent and determined
- Any business and marketing-related experiences are an advantage

Remuneration Details:

SFI will cover for transportation expenses of the interns and will help finding accommodation if needed.
