### Company Description:

Everywhere around the world the cost for internet is high, service is mediocre, and you are most likely to hate your internet service provider. Younity revolutionizes the internet service provider (ISP) concept as we know it.

Younity's mission is to reduce internet costs, provide amazing service experience and give back to community.

Using innovation and modern technologies, Younity is able to reduce ISP operational costs and simultaneously provide great customer support. At Younity we believe that internet access should be affordable to anyone, anywhere. Part of what we do is connect the unconnected within your community.

Our goal is to enable our customers to LOVE their ISP and embrace their community.
