Graduate (MA) student:

Reference:	BETATEC Innogy – 01
Company Name:	Innogy Innovation Center LTD
Company Type: (Startup/Mature/...)	Mature, local presence of innogy Innovation GMBH of Essen
Location: (full address)	Wework Sarona, 3 Kalman Magen, Tel Aviv
Stay Duration: (min 2, max 6 months)	3 months

Company Description:

We are an outpost of innogy Innovation Hub, scouting for Israeli startups to become part of the innogy Innovation portfolio. Our work consists of scouting and meeting companies, interacting with them with the intent of defining a mutually interesting potential business model or investment opportunity, and connecting them with the lighthouses in the Innovation hub. Then – when a collaboration takes place we continue to monitor and accompany the connection.

Job Description and Tasks:

Support the scouting and BD activities, as well as the analysis and brainstorming on the fit of the company for the innovation hub. Potentially work with Venture Developers on specific opportunities.

Essential Requirements:

Studies in the direction of business administration or innovation, some experience in the corporate world.
 Business and market thinking and interest.

Remuneration Details:

Transportation and lunch costs will be covered.
